

Acknowledgements

I would like to thank Michael Staudenmaier, former Meteorologist in Charge at the National Weather Service in Las Vegas, and Stan Czyzyk, Science and Operations Officer, here at the National Weather Service in Las Vegas for encouragement in pursuing this project and reviewing it for publication. I would also like to thank Jerome Jacques for his assistance in compiling most of the data used for the Holiday Climate section. In addition, I would like to thank all of the observers who helped to record the weather in Bishop over the years as well as the electronic technicians at the National Weather Service Office in Reno who are primarily responsible for maintenance of the Bishop ASOS.
